RADVUE
Online Web Portal Access to Patient Reports and Images

Logging into RadVue
1. In your web browser, go to:
South Coast Radiology: www.scrradvue.com.au
Darling Downs Radiology: www.ddrradvue.com.au
Mackay Radiology: www.mrradvue.com.au
2. Enter your Username and Password, click 'Sign In'

Studies Page
The 'Studies' page is the default home page, displaying patients referred for imaging to South Coast Radiology, Darling Downs Radiology, Mackay Radiology and The Women's Imaging Centre:
- Search for a specific patients studies using the 'Quick Search' tabs toward the top of the page. Use a combination of filter options to locate studies of interest; Patient Name, Patient ID, Study Date etc.
- Use the 'Save' feature to save commonly used search criteria for later use. This new named Search Filter will appear as a button above the Quick Search panel.

Edit your Quick Search criteria
1. Click 'Your Account' at the top-right of the screen →
2. Under 'Search Filter', click Manage
- Update - to adjust details of a filter
- Delete - to permanently delete a filter

Viewing Patient Studies
- Either double click the desired patient studies, or select the patient and click one of the options above; View, Show Report, Share, Export, Move, Delete.
- The green dot to the far right of the patient study indicates the study is online and ready to view. A red dot indicates the study is offline, and needs to be 'Pulled' across from our PACS. To do this:
1. Double click the patient
2. Click the green 'Pull Study' button
3. The study will start to load and automatically refresh when the study becomes ready for viewing.

Break Glass
The Break Glass feature allows access to patient studies referrered by another practitioner:
1. From the Studies Page, click Break Glass. The Break Glass Request screen will display.
2. Tick 'Acknowledge'
3. Select the desired patient by 'Patient ID' or 'Surname/DOB'
4. Provide reason for access
5. Confirm correct patient.

Access via Practice Management Software *(PMS)*
A URL link is embedded in the patient report in the PMS. This link opens the images via a DICOM viewer. The PDF report can be accessed/saved/printed in this viewer if required.

'Quick Reference Guide' can be found in the top right corner of the DICOM image viewing screen
